10 condominium project known as CityFront Terrace, located in San Diego, California.

11 12. Venue is proper in this judicial district under 28 U.S.C. §1391(b).

12 **MATERIAL ALLEGATIONS**

13 13. On or about December 22, 2003, CityFront Terrace Homeowners Association  
14 ("Homeowners Association") filed a Complaint for Damages for Strict Liability, Breach of Implied  
15 Warranty, and Negligence, among other causes of action, case number GIC 823195, in the San Diego  
16 Superior Court, ("Underlying Action") alleging that the entities involved in the design, development  
17 and construction of the CityFront Terrace project ("Project") were liable for property damages in  
18 excess of \$90 million for alleged deficiencies (including defective plumbing systems) at the Project.  
19 The Complaint was amended from time to time, with the final operative Complaint identified as the  
20 Seventh Amended Complaint filed on or about February 22, 2006.

21 14. Marina Village Associates, L.P., and related entities, designed, developed and  
22 constructed the Project. In order to construct the Project, Marina Village Associates, L.P., entered  
23 into a contract with TKCC, Inc, dba Koll Construction ("Koll") for the construction of the entire  
24 Project ("the Prime Contract"), including all plumbing systems. A copy of the Prime Contract is  
25 attached hereto as Exhibit "A." In turn, Koll entered into a subcontract with Defendant MARTINA  
26 ENTERPRISES (US) INC., and DOES 1 through 100, inclusive (collectively referred to as  
27 "Defendants"), and each of them, to furnish all labor, materials and services necessary for the  
28 installation of all plumbing systems at the Project (the "Subcontract"). A copy of the Subcontract is

1 attached hereto as Exhibit "B." These services and materials contributed to the construction  
2 deficiencies at the Project, as more fully described below.

3 15. At the time of the construction of the Project and thereafter, there were in effect  
4 insurance policies issued by Plaintiffs Great American Insurance Company and Great American  
5 Insurance Company of New York (formerly known as American National Fire Insurance Company)  
6 to the various developing entities, including, but not limited to, Marina Village Associates, L.P.,  
7 Urban Partners, L.P., Urban West Associates, Kriozere Corporation, Michael Kriozere, The Gimbel  
8 Corporation, Kabuto International Corporation, Gentium Realty Investments, and Royal Crest  
9 Investments (hereinafter "Insureds") providing coverage for the damage to the Project insuring against  
10 identified losses and damages.

11 16. After more than three years of litigation and numerous mediations and pursuant to the  
12 terms of the insurance policies, on or about April 4, 2007, Plaintiffs paid \$2,879,831.27 to resolve  
13 all claims by the Homeowners Association against the Insureds in the Underlying Action arising out  
14 of the work performed by Defendants.

15 17. To the extent of payments made by Plaintiffs on behalf of its Insureds, Plaintiffs are  
16 legally and equitably subrogated to the rights and interests of its Insureds and are therefore entitled  
17 to institute and pursue legal remedies against the Defendants to recover any and all amounts paid by  
18 Plaintiffs under the policies.

22 inclusive, as though they are fully set forth herein.

24 them, negligently, carelessly and wrongfully failed to use reasonable care in furnishing all labor,  
25 materials and services necessary for the installation of the plumbing system at the Project.

26 20. Plaintiffs are further informed and believe and thereon allege that Defendants, and each  
27 of them, negligently, carelessly and wrongfully failed to exercise reasonable care and diligence to  
28 avoid loss and to minimize and mitigate damages in the installation of the plumbing systems at the

1 project, which could have been prevented by reasonable efforts on the part of said Defendants, or by  
2 expenditures which should have been made in the exercise of due care.

3 21. As a proximate and direct result of Defendants' actions, the Project suffered extensive  
4 physical damage to, and loss of use of, numerous building components other than the plumbing  
5 system, as well as the plumbing system itself, at various times after construction of the Project, which  
6 was completed on January 7, 1994. As a result, Plaintiffs were required to pay \$2,879,831.27 to

25 statute requirements, and in conformance with the requirements of the plans, specifications, and  
26 Contract Documents for the Project identified in the Prime Contract.

5 physical damage to, and loss of use of, numerous other building components other than the plumbing

7 a result, Plaintiffs were required to pay \$2,879,831.27 to resolve all claims by the Homeowners  
8 Association against Plaintiffs' Insureds in the Underlying Action arising out of the work performed  
9 by Defendants.

10 27. Pursuant to the terms of the Subcontract, Plaintiffs are entitled to attorneys' fees and  
11 costs.

28 limitations on the warranties to the Insureds.

30. Plaintiffs are informed and believe and thereon allege that Defendants, and each of them, breached said warranties by failing to construct the plumbing system in a reasonable and workmanlike manner, in conformance with the appropriate standard of care, in conformance with the applicable code and statute requirements, and in conformance with the requirements of the plans, specifications, and Contract Documents for the Project as set forth in the Prime Contract.

31. As a proximate result of the breach of the express warranties by Defendants, and each of them, Plaintiffs have suffered damages in a sum equal to \$2,879,831.27 paid by Plaintiffs to settle the Underlying Action by the Homeowners Association.

32. 15 paragraphs 1 through 38 as though fully set forth herein.

Underlying Action by the Homeowners Association to Defendants, and the insurance carriers of Martina that the Insureds were aware of at that time, and Defendants and the insurers have unreasonably and unjustifiably denied, failed, refused and neglected to indemnify the Insureds and thereby breached the indemnity agreement in the Subcontract.

43. Plaintiffs are informed and believe and thereon allege that, it is entitled to indemnity from Defendants and the insurers based on the terms of the express indemnity agreement set forth above, in a sum equal to \$2,879,831.27 paid by Plaintiff to settle the Underlying Action by the Homeowners Association.

49. Plaintiffs deny that the Insureds either caused or contributed to the losses suffered by the Homeowners Association. Plaintiffs are informed and believe and thereon alleges that the conduct of Defendants, and each of them, proximately caused and contributed to the losses

1 suffered by the Homeowners Association and paid by Plaintiffs.

2 50. Plaintiffs are informed and believe and thereon allege that the losses suffered by the  
3 Homeowners Association were substantially caused by the breach of contract, negligence or other

20 **(Comparative Indemnity As to All Defendants)**

21 53. Plaintiffs refer to and incorporate by this reference all of the allegations contained in

13 ENTERPRISES (US) INC. and the Insureds entered into written a contractual agreement, the same  
14 as or similar to Exhibit "B."

19 ENTERPRISES (US) INC. was managed and/or dominated and/or controlled by Defendants  
20 HERMAN KOECHL either alone or in conjunction with CHRISTINA KOECHL, and that Defendant  
21 MARTINA ENTERPRISES (US) INC. was their "alter ego."

23 (US) INC. did not follow corporate formalities and was a sham corporation.

24 62. Plaintiffs are informed and believe and thereon allege HERMAN KOECHL and  
25 CHRISTINA KOECHL, as the Responsible Managing Officers, and/or Directors, and/or Officers,  
26 made the construction, design, and management decisions and representations and ratified the  
27 decisions of other construction entities that resulted in the damages as alleged, thus making them  
28 personally liable, along with MARTINA ENTERPRISES (US) INC.

63. A dispute has arisen and an actual controversy now exists between Plaintiffs, MARTINA ENTERPRISES (US) INC., HERMAN KOECHL, CHRISTINA KOECHL, and each of them, in that Plaintiffs contend that recognition of the privilege of separate existence would promote injustice because HERMAN KOECHL and CHRISTINA KOECHL, are the alter egos, principles, agents or persons with apparent authority to bind MARTINA ENTERPRISES (US) INC. to a written contract.

64. As a direct and proximate result, Plaintiffs have suffered damages in a sum equal to \$2,879,831.27 paid in settlement based upon the allegations in the underlying action by the Homeowners Association arising from the Defendants' actions at the Project. 67. Plaintiffs desire a judicial determination of their respective rights and Defendants' duties in conjunction with the matters herein alleged and a judgment in Plaintiffs' favor as to any obligations by said Defendants, and each of them to Plaintiffs.

## ARTICLE 5

### CONTRACT SUM

5.1 The Owner shall pay the Contractor in current funds for the Contractor's performance of the Contract the Contract Sum consisting of the Cost of the Work as defined in Article 7 and the Contractor's Fee determined as follows:

*(State a lump sum, percentage of Cost of the Work or other provision for determining the Contractor's Fee, and explain how the Contractor's Fee is to be adjusted for changes in the Work.)*

5.1.1 In consideration of the performance of this Contract, the Owner agrees to pay the Contractor, as compensation for his services, the Contractor's Fee in an amount equal to three percent (3%) of the Cost of the Work as defined in Article 7 BUT will be expressly set as a lump sum by the Excavation Change Order and the Construction Change Order.

5.1.2 For changes in the Work, the Contractor's Fee shall be adjusted as follows: All Scope of Work changes will be based upon the direct cost of the Work required plus three percent (3%) markup for Contractor's Fee. The markup for Contractor's Fee will only apply if the total of all increases in Scope of Work changes have reached a total of One Million Dollars (\$1,000,000.00). Similarly, if a Scope of Work change results in a direct cost credit which together with all previous Scope of Work changes have cumulatively reached a total of One Million Dollars (\$1,000,000.00), the three percent (3%) Contractor's Fee associated with same will also be credited.

### 5.2 GUARANTEED MAXIMUM PRICE (IF APPLICABLE)

5.2.1 The sum of the Cost of the Work and the Contractor's Fee is guaranteed by the Contractor not to exceed \_\_\_\_\_ Dollars (\$ \_\_\_\_\_).

subject to additions and deductions by Change Order as provided in the Contract Documents. Such maximum sum is referred to in the Contract Documents as the Guaranteed Maximum Price. Costs which would cause the Guaranteed Maximum Price to be exceeded shall be paid by the Contractor without reimbursement by the Owner.

*(Insert specific provisions if the Contractor is to participate in any savings.)*

In the event the Cost of the Work as defined in Article 7 shall exceed the Guaranteed Maximum Price, as adjusted by change order, such excess shall be borne solely by the Contractor. In the event that the final Cost of the Work as defined in Article 7, plus the Contractor's Fee as set forth in Article 5, is less than the Guaranteed Maximum Price at the time of the final Certificate of Payment, twenty-five percent (25%) of the resulting difference ("Savings") will be paid to the Contractor as an additional Incentive Fee for efficient performance. Final accounting of all costs, subsequent to final payment, shall incorporate the Owner's participation of seventy-five percent (75%) of the Savings.

**5.2.2** The Guaranteed Maximum Price is based upon the following alternates, if any, which are described in the Contract Documents and are hereby accepted by the Owner:

*(State the numbers or other identification of accepted alternates, but only if a Guaranteed Maximum Price is inserted in Subparagraph 5.2.1. If decisions on other alternates are to be made by the Owner, subsequent to the execution of this Agreement, attach a schedule of such other alternates showing the amount for each and the share which that amount is valid.)*

Exhibits to be attached to Construction Change Order or other approved Change Order.

**5.2.3** The amounts agreed to for unit prices, if any, are as follows:

*(State unit prices only if a Guaranteed Maximum Price is inserted in Subparagraph 5.2.1.)*

Exhibits to be attached to Construction Change Order or other approved Change Order.

## **ARTICLE 6**

### **CHANGES IN THE WORK**

#### **6.1 CONTRACTS WITH A GUARANTEED MAXIMUM PRICE**

**6.1.1** Adjustments to the Guaranteed Maximum Price on account of changes in the Work may be determined by any of the methods listed in Subparagraph 7.3.3 of the General Conditions.

**6.1.2** In calculating adjustments to subcontracts (except those awarded with the Owner's prior consent on the basis of cost plus a fee), the terms "cost" and "fee" as used in Clause 7.3.3.3 of the General Conditions and the terms "costs" and "a reasonable allowance for overhead and profit" as used in Subparagraph 7.3.6 of the General Conditions shall have the meanings assigned to them in the General Conditions and shall not be modified by Articles 5, 7 and 8 of this Agreement. Adjustments to subcontracts awarded with the Owner's prior consent on the basis of cost plus a fee shall be calculated in accordance with the terms of those subcontracts.

**6.1.3** In calculating adjustments to this Contract, the terms "cost" and "costs" as used in the above-referenced provisions of the General Conditions shall mean the Cost of the Work as defined in Article 7 of this Agreement and the terms "fee" and "a reasonable allowance for overhead and profit" shall mean the Contractor's Fee as defined in Paragraph 5.1 of this Agreement.

EDIT

**ARTICLE 8****COSTS NOT TO BE REIMBURSED**

8.1 The Cost of the Work shall not include:

8.1.1 Salaries and other compensation of the Contractor's personnel stationed at the Contractor's principal office or offices other than the site office, except as specifically provided in Clauses 7.1.1.2 and 7.1.1.3 or as may be provided in Article 14.

8.1.7 Any cost not specifically and expressly described in Article 7.

8.1.8 Costs which would cause the Guaranteed Maximum Price, if any, to be exceeded.

**ARTICLE 9****DISCOUNTS, REBATES AND REFUNDS**

- 9.1 Cash discounts obtained on payments made by the Contractor shall accrue to the Owner if (1) before making the payment, the Contractor included them in an Application for Payment and received payment therefor from the Owner, or (2) the Owner has deposited funds with the Contractor with which to make payments; otherwise, cash discounts shall accrue to the Contractor. - 9.2 Amounts which accrue to the Owner in accordance with the provisions of Paragraph 9.1 shall be credited to the Owner as a deduction from the Cost of the Work.

**ARTICLE 10****SUBCONTRACTS AND OTHER AGREEMENTS**

- 10.1 Those portions of the Work that the Contractor does not customarily perform with the Contractor's own personnel shall be performed under subcontracts or by other appropriate agreements with the Contractor. The Contractor shall obtain bids from Subcontractors and from suppliers of materials or equipment fabricated especially for the Work and shall deliver such bids to the Architect. The Owner will then determine, with the advice of the Contractor and subject to the reasonable objection of the Architect, which bids will be accepted. The Owner may designate specific persons or entities from whom the Contractor shall obtain bids; however, if a Guaranteed Maximum Price has been established, the Owner may not prohibit the Contractor from obtaining bids from others. The Contractor shall not be required to contract with anyone to whom the Contractor has reasonable objection.
- 10.2 If a Guaranteed Maximum Price has been established and a specific bidder among those whose bids are delivered by the Contractor to the Architect (1) is recommended to the Owner by the Contractor; (2) is qualified to perform that portion of the Work; and (3) has submitted a bid which conforms to the requirements of the Contract Documents without reservations or exceptions, but the Owner requires that another bid be accepted, then the Contractor may require that a Change Order be issued to adjust the Guaranteed Maximum Price by the difference between the bid of the person or entity recommended to the Owner by the Contractor and the amount of the subcontract or other agreement actually signed with the person or entity designated by the Owner.
- 10.3 Subcontracts or other agreements shall conform to the payment provisions of the Contract Documents, and shall not be awarded on the basis of cost plus a fee without the prior consent of the Owner.

**ARTICLE 11****ACCOUNTING RECORDS**

- 11.1 The Contractor shall keep full and detailed accounts and exercise such controls as may be necessary for proper financial management under this Contract; the accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's accountants shall be afforded access to the Contractor's records, books, correspondence, instructions, drawings, receipts, subcontracts, purchase orders, vouchers, memoranda and other data relating to this Contract, and the Contractor shall preserve these for a period of three years after final payment, or for such longer period as may be required by law.

**ARTICLE 12****PROGRESS PAYMENTS**

- 12.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.
- 12.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:
- 12.3 Provided an Application for Payment is received by the Architect not later than the 10th day of a month, the Owner shall make payment to the Contractor not later than the 30th day of the month. If an Application for Payment is received by the Architect after the application date fixed above, payment shall be made by the Owner not later than 20 days after the Architect receives the Application for Payment.

EDIT

~~12.4 With each Application for Payment the Contractor shall submit payroll payee list, account, receipted invoices or checks with check vouchers attached, and any other evidence required by the Owner or Architect to demonstrate that all disbursements already made by the Contractor on account of the Cost of the Work equal or exceed (1) progress payments already received by the Contractor; less (2) that portion of these payments attributable to the Contractor's Fee; plus (3) payrolls for the period covered by the present Application for Payment; plus (4) earnings provided in Subparagraph 13.5.4, if any, applicable to prior progress payments.~~

**12.5. CONTRACTS WITH A GUARANTEED MAXIMUM PRICE**

**12.5.1** Each Application for Payment shall be based upon the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Guaranteed Maximum Price among the various portions of the Work, except that the Contractor's Fee shall be shown as a single separate item. The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as the Architect may require. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment.

**12.5.2** Applications for Payment shall show the percentage completion of each portion of the Work as of the end of the period covered by the Application for Payment. The percentage completion shall be the lesser of (1) the percentage of that portion of the Work which has actually been completed or (2) the percentage obtained by dividing (a) the expense which has actually been incurred by the Contractor on account of that portion of the Work for which the Contractor has made or intends to make actual payment prior to the next Application for Payment by (b) the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values.

**12.5.3** Subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

**12.5.3.1** Take that portion of the Guaranteed Maximum Price properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Work by the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values. Pending final determination of cost to the Owner of changes in the Work, amounts not in dispute may be included as provided in Subparagraph 7.3.7 of the General Conditions, even though the Guaranteed Maximum Price has not yet been adjusted by Change Order.

**12.5.3.2** Add that portion of the Guaranteed Maximum Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing.

**12.5.3.3** Add the Contractor's Fee, less retainage of TEN percent ( 10 %). The Contractor's Fee shall be computed upon the Cost of the Work described in the two preceding Clauses at the rate stated in Paragraph 5.1 or, if the Contractor's Fee is stated as a fixed sum in that Paragraph, shall be an amount which bears the same ratio to that fixed-sum Fee as the Cost of the Work in the two preceding Clauses bears to a reasonable estimate of the probable Cost of the Work upon its completion.

**12.5.3.4** Subtract the aggregate of previous payments made by the Owner.

**12.5.3.5** Subtract the shortfall, if any, indicated by the Contractor in the documentation required by Paragraph 12.4 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner's accountants in such documentation.

**12.5.3.6** Subtract amounts, if any, for which the Architect has withheld or nullified a Certificate for Payment as provided in Paragraph 9.5 of the General Conditions.

EDIT

**12.5.4** Additional retainage, if any, shall be as follows:

*(If it is intended to retain additional amounts from progress payments to the Contractor beyond (1) the retainage from the Contractor's Fee provided in Clause 12.5.3.3, (2) the retainage from Subcontractors provided in Paragraph 12.7 below, and (3) the retainage, if any, provided by other provisions of the Contract, insert provision for such additional retainage here. Such provision, if made, should also describe any arrangement for limiting or reducing the amount retained after the Work reaches a certain state of completion.)*

**~~12.6. CONTRACTS WITHOUT A GUARANTEED MAXIMUM PRICE~~**

(Does not apply)

~~**12.6.1** Applications for Payment shall show the Cost of the Work actually incurred by the Contractor through the end of the period covered by the Application for Payment and for which the Contractor has made or intends to make actual payment prior to the next Application for Payment.~~

~~**12.6.2** Subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:~~

~~**12.6.2.1** Take the Cost of the Work as described in Subparagraph 12.6.1.~~

~~**12.6.2.2** Add the Contractor's Fee, less retainage of \_\_\_\_\_ percent ( \_\_\_\_\_ %). The Contractor's Fee shall be computed upon the Cost of the Work described in the preceding Clause 12.6.2.1 at the rate stated in Paragraph 5.1 or, if the Contractor's Fee is stated as a fixed sum in that Paragraph, an amount which bears the same ratio to that fixed-sum Fee as the Cost of the Work in the preceding Clause bears to a reasonable estimate of the probable Cost of the Work upon its completion.~~

~~**12.6.2.3** Subtract the aggregate of previous payments made by the Owner.~~

~~**12.6.2.4** Subtract the shortfall, if any, indicated by the Contractor in the documentation required by Paragraph 12.4 or to substantiate prior Applications for Payment or resulting from errors subsequently discovered by the Owner's accountants in such documentation.~~

~~12.6.2.5 Subcontract amounts, if any, for which the Architect has withheld or withdrawn a Certificate for Payment as provided in the General Documents.~~

~~12.6.2.6 Additional retainage, if any, shall be as follows.~~

12.7 Except with the Owner's prior approval, payments to Subcontractors included in the Contractor's Applications for Payment shall not exceed an amount for each Subcontractor calculated as follows:

12.7.1 Take that portion of the Subcontract Sum properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Subcontractor's Work by the share of the total Subcontract Sum allocated to that portion in the Subcontractor's schedule of values, less retainage of TEN percent ( 10 %). Pending final determination of amounts to be paid to the Subcontractor for changes in the Work, amounts not in dispute may be included as provided in Subparagraph 7.3.7 of the General Conditions even though the Subcontract Sum has not yet been adjusted by Change Order.

12.7.2 Add that portion of the Subcontract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing, less retainage of TEN percent ( 10 %).

12.7.3 Subtract the aggregate of previous payments made by the Contractor to the Subcontractor.

12.7.4 Subtract amounts, if any, for which the Architect has withheld or nullified a Certificate for Payment by the Owner to the Contractor for reasons which are the fault of the Subcontractor.

12.7.5 Add, upon Substantial Completion of the entire Work of the Contractor, a sum sufficient to increase the total payments to the Subcontractor to ONE HUNDRED percent ( 100 %) of the Subcontract Sum, less amounts, if any, for incomplete Work and unsettled claims; and, if final completion of the entire Work is thereafter materially delayed through no fault of the Subcontractor, add any additional amounts payable on account of Work of the Subcontractor in accordance with Subparagraph 9.10.3 of the General Conditions.

*(If it is provided, prior to Substantial Completion of the entire Work of the Contractor, to reduce or limit the retainage from Subcontractors resulting from the percentages involved in Subparagraphs 12.7.1 and 12.7.2 above, and this is not explained elsewhere in the Contract Documents, insert here provisions for such reduction or limitation.)*

Until the Work is fifty percent (50%) complete, the Owner shall pay ninety percent (90%) of the amount requested in each Application for Payment within each line item of the Schedule of Values (as described in the Supplementary Conditions). Thereafter, amounts included within a Progress Payment within a particular line item of the Schedule of Values shall be made up to one hundred percent (100%) of the amount requested; provided, however, that any such reduction in retainage shall be made only if in the sole and absolute discretion of the Owner and the Architect\*. The Subcontract Sum is the total amount stipulated in the subcontract to be paid by the Contractor to the Subcontractor for the Subcontractor's performance of the subcontract.

12.8 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

12.9 In taking action on the Contractor's Applications for Payment, the Architect shall be entitled to rely on the accuracy and completeness of the information furnished by the Contractor and shall not be deemed to represent that the Architect has made a detailed examination, audit or arithmetic verification of the documentation submitted in accordance with Paragraph 12.4 or other supporting data; that the Architect has made exhaustive or continuous on-site inspections or that the Architect has made examinations to ascertain how or for what purposes the Contractor has used amounts previously paid on account of the Contract. Such examinations, audits and verifications, if required by the Owner, will be performed by the Owner's accountants acting in the sole interest of the Owner.

\*satisfactory progress is being made in the Work. Retention related to a line item Change Order amount shall be in accordance with the above as related to the progress of the Change in the Work.

#### ARTICLE 13 FINAL PAYMENT

13.1 Final payment shall be made by the Owner to the Contractor when (1) the Contract has been fully performed by the Contractor except for the Contractor's responsibility to correct defective or nonconforming Work, as provided in Subparagraph 12.2.2 of the General Conditions, and to satisfy other requirements, if any, which necessarily survive final payment; (2) a final Application for Pay-

**13.2** The amount of the final payment shall be calculated as follows:

**13.2.1** Take the sum of the Cost of the Work substantiated by the Contractor's final accounting and the Contractor's Fee; but not more than the Guaranteed Maximum Price, if any.

**13.2.2** Subtract amounts, if any, for which the Architect withholds, in whole or in part, a final Certificate for Payment as provided in Subparagraph 9.5.1 of the General Conditions or other provisions of the Contract Documents.

**13.2.3** Subtract the aggregate of previous payments made by the Owner.

If the aggregate of previous payments made by the Owner exceeds the amount due the Contractor, the Contractor shall reimburse the difference to the Owner.

**13.3** The Owner's accountants will review and report in writing on the Contractor's final accounting within 30 days after delivery of the final accounting to the Architect by the Contractor. Based upon such Cost of the Work as the Owner's accountants report to be substantiated by the Contractor's final accounting, and provided the other conditions of Paragraph 13.1 have been met, the Architect will, within seven days after receipt of the written report of the Owner's accountants, either issue to the Owner a final Certificate for Payment with a copy to the Contractor, or notify the Contractor and Owner in writing of the Architect's reasons for withholding a certificate as provided in Subparagraph 9.5.1 of the General Conditions. The time periods stated in this Paragraph 13.3 supersede those stated in Subparagraph 9.4.1 of the General Conditions.

**13.4** If the Owner's accountants report the Cost of the Work as substantiated by the Contractor's final accounting to be less than claimed by the Contractor, the Contractor shall be entitled to demand arbitration of the disputed amount without a further decision of the Architect. Such demand for arbitration shall be made by the Contractor within 30 days after the Contractor's receipt of a copy of the Architect's final Certificate for Payment; failure to demand arbitration within this 30-day period shall result in the substantiated amount reported by the Owner's accountants becoming binding on the Contractor. Pending a final resolution by arbitration, the Owner shall pay the Contractor the amount certified in the Architect's final Certificate for Payment.

**13.5** If, subsequent to final payment and at the Owner's request, the Contractor incurs costs described in Article 7 and not excluded by Article 8 to correct defective or nonconforming Work, the Owner shall reimburse the Contractor such costs and the Contractor's Fee applicable thereto on the same basis as if such costs had been incurred prior to final payment, but not in excess of the Guaranteed Maximum Price, if any. If the Contractor has participated in savings as provided in Paragraph 5.2, the amount of such savings shall be recalculated and appropriate credit given to the Owner in determining the net amount to be paid by the Owner to the Contractor.

**14.3 Other provisions:**

See "Amendment A" Amendment to the 1987 Edition of AIA Document A111.

**ARTICLE 15****TERMINATION OR SUSPENSION**

**15.1** The Contract may be terminated by the Contractor as provided in Article 14 of the General Conditions; however, the amount to be paid to the Contractor under Subparagraph 14.1.2 of the General Conditions shall not exceed the amount the Contractor would be entitled to receive under Paragraph 15.3 below, except that the Contractor's Fee shall be calculated as if the Work had been fully completed by the Contractor, including a reasonable estimate of the Cost of the Work for Work not actually completed.

**15.2** If a Guaranteed Maximum Price is established in Article 5, the Contract may be terminated by the Owner for cause as provided in Article 14 of the General Conditions; however, the amount, if any, to be paid to the Contractor under Subparagraph 14.2.4 of the General Conditions shall not cause the Guaranteed Maximum Price to be exceeded, nor shall it exceed the amount the Contractor would be entitled to receive under Paragraph 15.3 below.

**15.3** If no Guaranteed Maximum Price is established in Article 5, the Contract may be terminated by the Owner for cause as provided in Article 14 of the General Conditions; however, the Owner shall then pay the Contractor an amount calculated as follows:

**15.3.1** Take the Cost of the Work incurred by the Contractor to the date of termination.

**15.3.2** Add the Contractor's Fee computed upon the Cost of the Work to the date of termination at the rate stated in Paragraph 5.1 or, if the Contractor's Fee is stated as a fixed sum in that Paragraph, an amount which bears the same ratio to that fixed-sum Fee as the Cost of the Work at the time of termination bears to a reasonable estimate of the probable Cost of the Work upon its completion.

**15.3.3** Subtract the aggregate of previous payments made by the Owner.

The Owner shall also pay the Contractor fair compensation, either by purchase or rental at the election of the Owner, for any equipment owned by the Contractor which the Owner elects to retain and which is not otherwise included in the Cost of the Work under Subparagraph 15.3.1. To the extent that the Owner elects to take legal assignment of subcontracts and purchase orders (including rental agreements), the Contractor shall, as a condition of receiving the payments referred to in this Article 15, execute and deliver all such papers and take all such steps, including the legal assignment of such subcontracts and other contractual rights of the Contractor, as the Owner may require for the purpose of fully vesting in the Owner the rights and benefits of the Contractor under such subcontracts or purchase orders.

**15.4** The Work may be suspended by the Owner as provided in Article 14 of the General Conditions; in such case, the Guaranteed Maximum Price, if any, shall be increased as provided in Subparagraph 14.3.2 of the General Conditions except that the term "cost of performance of the Contract" in that Subparagraph shall be understood to mean the Cost of the Work and the term "profit" shall be understood to mean the Contractor's Fee as described in Paragraphs 5.1 and 6.3 of this Agreement.

**ARTICLE 16****ENUMERATION OF CONTRACT DOCUMENTS**

**16.1** The Contract Documents, except for Modifications issued after execution of this Agreement, are enumerated as follows:

AMENDMENT "A"  
Amendment to the 1987 Edition  
of AIA Document A111

THIS AMENDMENT is attached to and incorporated in that certain document entitled "Standard Form of Agreement Between Owner and Contractor (AIA Document A111, 1987)" (the "Contract"), as the parties desire to amend said document. In the event of any conflict, inconsistency or ambiguity between the terms and provisions of this Amendment and those of the Standard Form A111, this Amendment shall govern. The terms and provisions of the Standard Form A111 are hereby amended as follows:

Article 1

Add subparagraphs as follows:

1.2 Owner has entered into that certain Owner Participation Agreement by and between Redevelopment Agency of the City of San Diego and Owner dated October 12, 1990 filed as Document No. 1776 in the Office of the Redevelopment Agency of San Diego, California on December 5, 1990 ("Participation Agreement") to assist in the orderly development of the Project. In accordance with Section 310 of the Participation Agreement, Contractor agrees that it shall not discriminate against any employee or applicant for employment because of sex, marital status, race, color, creed, religion, national origin or ancestry. In addition, Contractor shall comply with the "Equal Opportunity Program" and the "Equal Employment Opportunity" provisions of the Participation Agreement. Except for the foregoing matters, Contractor shall have no obligations with respect to the Participation Agreement.

1.3 Owner has entered into that certain Prime Construction Contract ("Prime Construction Contract") with Kabuto Decom, Inc., a Japanese corporation ("Prime Contractor"). The Contract Documents shall be subject to the terms and conditions of the Prime Construction Contract other than Sections 1(d) and 3. Notwithstanding the Prime Construction Contract, Contractor shall be the general contractor for the Project.

1.4 Prior to the date of this Contract and pursuant to that certain Letter of Intent from Owner to Contractor dated July 29, 1991 ("Letter of Intent"), Contractor has performed certain site preparation work related to the Property (the "Prior Work"). A copy of the Letter of Intent is attached hereto as Exhibit A. Except with respect to the descriptions of the Excavation Change Order and the Construction Change Order, this Contract shall supersede and cancel in all respects the Letter of Intent and shall govern the obligations of the parties relating to all Work to be performed from and after the date hereof. Owner will pay Contractor for Work performed pursuant to the Letter of Intent

August 26, 1991

until such time as the Excavation Change Order is executed, at which time the terms of the Contract shall control in all events. Notwithstanding the foregoing, the Letter of Intent describes the two anticipated Change Orders to the Contract Documents, identified as the Excavation Change Order and the Construction Change Order. As used in these Contract Documents, the term "Excavation Change Order" shall mean and refer to an approved Change Order intended to expand the scope of Work to include the Site Preparation Work as described in the Letter of Intent and Excavation Work on the Project Site. The term "Construction Change Order" will mean an approved Change Order including a detailed estimate of the Total Cost of the Work ("Estimate") for the entire Project and which shall expand the scope of Work to include the entire Project. If Contractor's estimate of the total Cost of the Work included as part of the proposed Construction Change Order is not acceptable to Owner, or for the sole convenience of Owner, Owner may terminate the Contract effective upon completion of the portion of the Work to be described in the Excavation Change Order with no further obligation to Contractor except for payment of costs plus the applicable portion of the Contractor's Fee for work completed through such termination date. Sections II and III of the Letter of Intent ("EXCAVATION" and "CONSTRUCTION", respectively) are hereby incorporated by reference to the extent that they are not inconsistent with the terms and conditions of the Contract Documents. Contractor hereby subordinates any and all liens, whether mechanic's, materialmen or otherwise, arising from or in any way related to the Prior Work to the lien of any construction financing which is secured by a lien on the title of Owner to the Project. Such subordination shall be specifically evidenced by execution of a specific subordination agreement in form and content satisfactory to Owner, its construction lender and to Contractor, to be executed and delivered by Contractor within five (5) days of a request therefore by Owner. Contractor acknowledges its agreement to subordinate any and all liens relating to the Prior Work is a material inducement to Owner to enter into this Contract and Owner is relying on such subordination.

### ARTICLE 3

#### RELATIONSHIP OF THE PARTIES

3.1 Insert in the second line of Paragraph 3.1 between the words "Architect" and "and" the words "and the consultants retained by Owner". Add as the last sentence the following: "Except as is expressly authorized herein, the Contractor has no right or authority of any kind to act as the representative of or on behalf of the Owner, and is not an agent of Owner."

ARTICLE 4

DATE OF COMMENCEMENT AND SUBSTANTIAL COMPLETION

Delete paragraph 4.1 in its entirety and replace with the following:

4.1 The Work to be performed under this Contract shall be commenced upon receipt of confirmation of Owner's financing and a valid building permit and within ten (10) days of a written notice from Owner to proceed. The Work shall be substantially completed as shown on the Construction Schedule attached as Exhibit B, within five hundred sixty seven (567) days after the Commencement Date ("Substantial Completion Date") as may be modified in a Construction Schedule to become part of this Contract pursuant to an approved Change Order, including, but not limited to, the Excavation Change Order and the Construction Change Order. The foregoing schedule for Substantial Completion allows for fifteen (15) days during which Contractor is prevented from performing the Work due to rain or other adverse weather conditions ("Rain Days"). Contractor shall not be entitled to any extensions of time under the Contract Documents due to delays caused by rain or other adverse weather conditions unless and only to the extent that more than fifteen (15) Rain Days occur. The Construction Schedule will contain dates for the substantial completion of particular components of the Project, including the model condominiums and the Soap Factory Building. After the Contract Time has been established, the Contract Time may only be extended pursuant to the provisions of General Conditions Paragraph 8.3.

Delete paragraph 4.2 in its entirety and replace with the following:

4.2 If the Substantial Completion Date is delayed Owner will suffer damages. In such event, Owner will be entitled to pursue whatever remedies it may have at law or in equity.

ARTICLE 5

CONTRACT SUM

5.1.3 The Excavation Change Order shall be drafted and submitted for consideration of Owner and Contractor. The Estimate shall be delivered by Contractor to Owner no later than forty-five (45) days after Owner delivers to Contractor ninety-five percent (95%) complete Contract Documents, which occurred on August 5, 1991. The Estimate shall serve as the basis for the prompt preparation of the proposed Construction Change Order.

ARTICLE 7

In paragraph 7.1.4.3, After the word "removal" and before the word "of", add "and disposal".

In paragraph 7.1.4.4, Delete period at end of sentence and add the following:

In paragraph 7.1.5.1, Delete period at end of sentence and add the following:

7.1.6.2 To the extent required or approved in advance by Owner, all costs and fees associated with altering of public utility, protection of adjoining property, and rental property for storage of materials to be incorporated in the Work.

Add a paragraph 7.3:

7.3 Only with the prior consent of the Owner, the Cost of the Work shall include the cost of legal fees and expenses reasonably necessary and properly incurred in connection only with labor disputes, negotiations, liens or other matters between Contractor and labor unions, suppliers or Subcontractors where such labor disputes, negotiations, liens or other matters are regional or industry-wide in nature, are not the result of Contractor acting in a negligent, bad faith or other culpable fashion, and are not the result of Contractor's wrongful or unexcused failure to pay or discharge its obligations hereunder.

#### ARTICLE 8

In paragraph 8.1, Add the following:

8.1.1.1 The cost of legal fees and expenses, including those involved in handling any labor disputes, negotiations, liens or other matters between Contractor and suppliers, Subcontractors, subcontractor sureties and labor unions which are not included within the Cost of the Work pursuant to Section 7.3 above.

#### ARTICLE 12

##### PROGRESS PAYMENTS

In paragraph 12.1, add the following at the end thereof:

Pursuant to the Prime Construction Contract, all payments to Contractor shall be disbursed by Prime Contractor to Contractor; provided, however, that Owner's payment of any funds to the Prime Contractor shall not excuse Owner's obligations to make Progress Payments when and as required by the Contract Documents.

[AS NOTED ON PAGE 1 OF THE CONTRACT]

Delete paragraph 12.4 in its entirety and replace with the following:

12.4.1 With each Application for Payment the Contractor shall provide (i) a statement certifying (notarized if required by the Owner) that the Work has progressed as indicated, (ii) a statement that all amounts shown as previous payments have been paid and all amounts of the current request will be paid, (iii) a fully executed conditional lien release from the Contractor for the Work which is the subject of the current Application for Payment, (iv) a fully executed unconditional lien release from the Contractor for the Work which was the subject of the prior month's Application for Payment if the prior month's disbursement has been made, (v) fully executed unconditional lien releases from all affected Subcontractors for the Work which was the subject of the Application for Payment for the month before the prior month if the prior month's disbursement was not made at least ten (10) days prior to the date of the next Application for Payment, and for the prior month if the prior month's disbursement has been made at least ten (10) days prior to the date of such Application for Payment, (vi) fully executed conditional lien releases from all affected Subcontractors for the Work which was the subject of the Application for Payment for the prior month if the prior month's disbursement was not made ten (10) days prior to the date of such Application for Payment, and (vii) waivers and such other affidavits, certificates, information, data and schedules from all Subcontractors and materialmen performing work on the Project. 12.4.2 As a condition to the payment of each Progress Payment, Contractor shall have delivered to Owner such documentation as the title insurance company engaged by Owner deems reasonably necessary to enable the title insurer to issue an endorsement to the policy of title insurance insuring Owner and Owner's construction lender, if any.

12.4.3 Thirty-five (35) days after Substantial Completion, any unpaid balance plus the remaining retention will be paid to the Contractor. Should minor items remain to be completed, the Contractor and the Owner or Architect shall list such items and the

Contractor's written acceptance of such list shall constitute his unconditional promise to complete said items within a reasonable time thereafter. The Owner may retain a sum equal to one hundred fifty percent (150%) of the estimated cost of completing any unfinished items, as reasonably estimated by the Owner and the Architect. Thereafter, Owner shall pay to the Contractor monthly the amount retained for incomplete items as each of said items is completed.

Add the following:

12.5.4 During the course of construction, each Application for Payment shall be subject to a retention as indicated in this Agreement, except for those items of Work: (i) agreed upon between Owner and Contractor in writing or (ii) where a lesser retention is required by law. In addition, subject to the approval of the Owner and Lender (which approval may be given or withheld in Owner's sole and absolute discretion), the retention requirements may be modified where full or extended retention is not warranted.

#### ARTICLE 13

##### FINAL PAYMENT

13.6 Notwithstanding any other provision contained in this Agreement or the Contract Documents, final payment will not be due or owing until Contractor has delivered to Owner such evidence of full payment and unconditional lien releases from all Subcontractors (with the exception of retentions and final payments which are to be paid out of the final payment of the Owner to the Contractor) in the absence of any liens generated by the Work as may be required by the Owner, Owner's construction or permanent lender or a title insurance carrier.

#### ARTICLE 14

##### MISCELLANEOUS PROVISIONS

Add the following:

14.2.1 In the event that any payments are not made by the Owner to the Contractor within twenty (20) days after the due date thereof in accordance with the Contract Documents, said payments shall bear interest from the date twenty (20) days after the payment was due until paid at the rate equal to the lesser of (i) of five percent (5%) per annum over the discount rate of the Federal Reserve Bank San Francisco prevailing on the 25th day of the month preceding the date that payment was due or (ii) eleven percent (11%) per annum. The fact that the Contractor is charging interest in accordance with this provision, shall not constitute waiver by Contractor of any other rights or remedies provided for herein by reason of Owner's default in making such payments

including specifically, but not limited to, Contractor's rights to terminate this Contract for nonpayment.

14.3.1 Destruction of the Work by Fire, Elements, etc.,

(a) In the event the Work herein be wholly or partially damaged or destroyed by war, fire, storm, lightning, flood, earthquake, settlement or defective soil, expansion or contraction, cracking or deflection, tidal wave, mob violence, vandalism or other casualty before the final completion of said Work, the Contractor, upon written instructions from the Owner, shall proceed to replace and/or repair said Work in accordance with the plans. In this event, the provisions of this Agreement shall remain in full force and effect, except that the Guaranteed Maximum Price stated in Article 5 shall be increased by the total cost of removing and/or replacing all damaged and/or destroyed work, the time for completion shall be extended and the Contractor's fee shall be increased. All such increases shall be provided in a Change Order proposal for the approval of Owner and the Architect.

(b) In the event of substantial damage or destruction to the Work by any cause, the Owner may, upon giving written notice to the Contractor, elect to terminate this Agreement. In such case, the Owner shall pay the Contractor pursuant to Paragraph 14.4.3 of the Supplementary General Conditions.

(c) Owner will obtain, prior to the commencement of the Work, Flood, Fire and Extended Coverage Insurance, including "All risk" insurance for malicious mischief and vandalism and such other additional insurance as he may desire to insure those casualties enumerated in Paragraph (a) upon the Work and upon all materials intended to become a part of the Work, whether on-site, temporarily stored elsewhere or in transit. Except as specifically set forth in the Contract Documents, Owner will be responsible for the amounts of deductibles in such additional insurance and for costs not covered by said insurance. Owner may also obtain, in its own discretion, insurance for damage caused by earthquakes. A copy of each policy shall be submitted to the Contractor for its review and approval, which approval will not be unreasonably withheld. The Contractor and all subcontractors shall be named as "Additional Insureds" and each policy shall include a Waiver of Subrogation and Permission to Occupy Endorsement.

14.3.3 DAMAGE AND INDEMNITY: Notwithstanding any of the provisions in the Contract to the contrary, Contractor shall in no event have any responsibility, nor be liable to Owner, for damages or delays resulting from soil subsidence (which shall not include damages or delays resulting from or related to improper construction methods or techniques) or the presence of pollutants, gaseous emissions, asbestos, hazardous or toxic substances prior to the commencement of Work as described in Paragraph 4.1 above, or where caused by Owner or other contractors separately engaged by Owner, whether subsurface or otherwise, unless and to the extent

caused by the negligence or willful misconduct of Contractor. Owner will fully hold harmless, indemnify and defend Contractor from and against any and all claims or actions resulting from the presence prior to the commencement of Work as described in Paragraph 4.1 above and/or caused by Owner or other contractors separately engaged by Owner in connection with the Project, of any such pollutants, gaseous emissions, asbestos, hazardous and/or toxic substances, whether subsurface or otherwise.

14.3.4 ALLOWANCE. Any allowances included in this Contract include the cost of material, equipment and labor. When the actual cost of any allowance item is established, it will include the cost of material, equipment and labor.

14.3.5 LICENSE. Contractor represents and warrants it is a duly licensed contractor under the laws of the State of California and that its contractor's license number is 491751. Contractors are required by law to be licensed and regulated by the Contractor's State License Board. Any questions concerning a contractor may be referred to the Registrar of the Board whose address is:

Contractor's State License Board  
3132 Bradshaw Road  
Sacramento, California 95826

14.3.6 SERVICE OF NOTICES. All notices or other communications required or permitted hereunder shall be in writing, and shall be sent certified mail, postage paid, return receipt requested, or nationally recognized over-night delivery service and shall be deemed received upon the earlier of (i) if personally delivered, the date of delivery to the address of the person to receive such notice; (ii) if mailed, four (4) business days after the date of posting by the United States post office; or (iii) if given by over-night courier service marked for next business delivery, the next business day.

14.3.10 Contractor hereby agrees to consent in writing to the assignment by Owner of its interest in the Contract Documents to Owner's construction lender, if any. In connection with the financing of the Project, Contractor and all Subcontractors must execute and deliver, and (if appropriate) acknowledge, any and all instruments reasonably required by Owner or any lender, including, but not limited to, subordinating any rights, interests, and claims under the Contract Documents, subcontracts, at law, or otherwise, to the liens, benefits, rights and privileges of any lender. The consent of Contractor set forth in this Subparagraph 14.3.10 shall be subject to Contractor's approval of the language requested in any such instrument acknowledging such assignment, which approval shall not be unreasonably withheld. Notwithstanding anything to the contrary contained in the Contract Documents, Contractor and Owner agree that the procedures for payment set forth in the Contract Documents, the insurance requirements and other provisions thereof are subject to modification if requested by Owner's construction lender or as may be necessary for Owner to comply with the terms and provisions of its construction loan.

14.3.11 The Contractor hereby subordinates all Contractor's, laborer's, mechanics, materialmen's and other similar liens that it may have or acquire under the Contract Documents or otherwise as to the Work or the Site to the lien and security interest securing payment of sums now or hereafter borrowed by Owner from any lender. At the request of Owner, the Contractor shall execute such additional documents as may be requested from time to time by the Owner or any lender to evidence the provisions hereof, and shall cause subcontractors and other parties furnishing labor or materials for the Work to subordinate their liens to such aforesaid sums.

14.3.12 Except as set forth in Paragraph 1.4 above, the terms of the Contract Documents are intended by the parties to be a final expression of their understanding with respect to such terms as are included in the Contract Documents and may not be contradicted by

1 1

evidence of any prior or contemporaneous statements, representations, agreements or understandings including, but not limited to, that certain Letter of Intent from Owner to Contractor dated July 29, 1991. Additionally, the parties hereby expressly agree that no such statements, representations, agreements or understandings exist. The parties further intend that the Contract Documents constitute the complete and exclusive statement of its terms and that no extrinsic evidence whatsoever may be introduced in any judicial proceeding involving the Contract Documents. No addition to, deletion from or modification of any term or provision of the Contract Documents shall be effective unless it is made in a writing signed by the parties hereto.

14.3.13 Notwithstanding anything in the Contract Documents to the contrary, the Owner shall have, at all reasonable times, the right to enter the Project for the purpose of conducting marketing activities and observing the Work, and Contractor shall provide for such access.

14.3.16 If either party commences an action against the other to enforce any of the terms hereof or because of the breach by either party of any of the terms hereof, the losing or defaulting party shall pay to the prevailing party the costs and expenses incurred in connection with the prosecution or defense of such action, including reasonable attorneys' fees.

14.3.17 Contractor agrees that it will not, without the prior written approval of the Owner, (i) publicize the fact that the Owner has entered into the Contract Documents, or (ii) disclose, confirm or deny any details of the Contract Documents. Contractor agrees that it will not use Owner's name in connection with Contractor's publicity with respect to the Project without the prior review and written approval for each type of marketing use by Owner. Contractor shall also insert the terms of this provision in all contracts and/or agreements executed in connection with the services to be performed under the Contract Documents and shall pass such provision to its subcontractors under such contracts and/or agreements.

14.3.18 Contractor shall not assign the whole or any portion of his interest under the Contract Documents or any payments due or to become due Contractor hereunder nor subcontract any of his obligations hereunder without first obtaining in each instance the prior written consent of Owner. No assignment, whether voluntary or involuntary, by operation of law, under legal process or proceedings, by receivership, in bankruptcy or otherwise, shall be valid or effective without such prior written consent of Owner or, even if Owner consents, shall operate to release Contractor from its obligations hereunder. Should Contractor attempt to make or suffer to be made any such assignment, except as aforesaid, Owner may, at its option, terminate the agreements contained within the Contract Documents upon written notice to Contractor. Should Owner

consent to any such assignment, such consent shall not constitute a waiver of any of the restrictions of this Paragraph and the same shall apply to each successive assignment hereunder, if any. If Contractor requests Owner's consent to an assignment Contract to an affiliate of Contractor, Owner shall not unreasonably withhold its consent. Owner may assign its interest in the Contract Documents with the prior written consent of Contractor, which consent shall not be unreasonably withheld. Contractor's consent to an assignment by Owner shall not be required in the event that Owner is assigning its interest in the Contract Documents to an affiliate of Owner. Notwithstanding the foregoing, the assignment by Owner of its interest in the Contract Documents to Owner's construction lender shall be pursuant to Subparagraph 14.3.10 above. As used in this paragraph, the term "affiliate" shall mean and refer to any parent or subsidiary of the designated entity or a partnership composed solely of all or some of the foregoing.

14.3.19 The Owner and Contractor, with the assistance of the Architect and other consultants, shall negotiate in good faith to develop an "after market" warranty program specifically designed to reduce the exposure to disputes with the condominium Home Owners' Association or other entities. The purpose of this program shall be to furnish responsive, proactive management of home owner concerns and complaints. If such a program is agreed upon, it may include a sum identified by Change Order and set aside from the Owner's construction financing to fund this requirement. If such program is established, Contractor shall implement corrective actions under this warranty program and seek reimbursement from this fund. The amount and administration of this fund shall be mutually agreed to by the Owner and Contractor. Owner and Contractor shall enter into an agreement incorporating the final form of such program no later than the date of the Construction Change Order.

14.3.20 The Owner will designate an authorized representative for the purposes of authorizing additional work, executing Change Orders, approving payment requests, etc.

14.3.21 The contingency line item to be shown as part of the Guaranteed Maximum Price may be used at the reasonable discretion of the Contractor for unforeseen, unanticipated, or unestimated costs that occur within the original scope of the Project as defined by the Contract Documents. The contingency shall not be used for costs resulting from the sole fault or negligence of the Contractor, any Subcontractor and anyone for whose acts either of them may be liable nor for changes in the scope or duration of the Project, as also described in Paragraph 8.3.4 of the Supplementary Conditions. The contingency amount remaining after issuance of the final Certificate for Payment shall be subject to the Owner/Contractor savings participation described in Paragraph 5.2.1 above.

14.3.22 The form of subcontract to be used by Contractor for all Subcontracts is attached hereto as Exhibit D and is incorporated herein by reference.

14.3.23 Contractor hereby agrees to indemnify, defend with counsel reasonably acceptable to Prime Contractor and hold harmless Prime Contractor, its officers, directors, agents, independent contractors and employees from and against, and to the extent permitted by law, Contractor hereby waives any and all claims it or any of its successors in interest may now or at any time hereafter have against Prime Contractor or Prime Contractor's officers, directors, agents, independent contractors or employees in connection with, any and all claims, demands, losses, liabilities, actions, lawsuits and other proceedings, judgments, awards, costs and expenses (including without limitation reasonable attorneys' fees), arising directly or indirectly, in whole or in part, out of or in connection with the Prime Construction Contract or the Services (as defined in the Prime Construction Contract), or any matter related to the Prime Construction Contract or the Services, or any matter related to the Project, the Project Work (as defined in the Prime Construction Contract), the acts or omissions of the Prime Contractor or any other contractors retained by Owner or Contractor, the conduct of the business of Owner or any action taken in connection with the Prime Construction Contract or the Services by Prime Contractor or any officer, director, agent, independent contractor or employee of Prime Contractor including, without limitation the negligence of Prime Contractor or any officer, director, agent, independent contractor or employee of Prime Contractor, excluding only such of the foregoing as result from the willful misconduct, fraud or gross negligence of Prime Contractor or from the willful misconduct, fraud or gross negligence of any of Prime Contractor's officers, directors, agents or employees (to the extent the same is legally attributable to Prime Contractor), unless Contractor shall have knowingly approved any such willful misconduct, fraud or gross negligence or participated therein. The provisions of this Paragraph shall survive termination of this Contract.

[Remainder of page intentionally left blank]

14.3.24 Contractor acknowledges and agrees that neither the Prime Contractor nor any of its officers, directors, agents, independent contractors or employees shall be liable to Contractor for any failure on the part of the Prime Contractor to provide or furnish any of the Services required pursuant to the Prime Construction Contract. Contractor agrees that Owner will, with due diligence, seek to obtain from Prime Contractor workers compensation and liability insurance if Prime Contractor is to allow any of its employees to be on the Project Site or Prime Contractor is to store any materials or equipment on the Project Site.

Vice President  
Koll Construction  
7330 Engineer Road  
San Diego, California 92111

Re: Letter of Intent  
CityFront Terrace  
San Diego, California ("Project")

Dear Mr. Hussey:

Please be advised that it is the intent of Marina Village Associates ("MVA") to enter into a Guaranteed Maximum Price (GMP) contract ("Agreement") for the construction of the Project, which consisting of a new thirteen story condominium apartment building and a four story existing building rehabilitated for condominium use. Except as expressly set forth below in the section entitled "Site Preparation," this letter is not a binding contractual commitment or obligation on the part of either MVA or TKCC dba Koll Construction ("KC"). It is merely intended to serve as a means of describing the essential elements of a future contract to expedite the process of preparing necessary documents.

I. SITE PREPARATION.

Until such time as the Agreement is entered into, the following will serve as our agreement with respect to the obligations of MVA and KC with regards to work intended to be general preparation of the site ("Site Preparation") (such as cleaning, barricade construction, and mobilization activities) (the Site Preparation work is further described on Exhibit A attached hereto), and which does not include any excavation, major demolition or construction activities:

1. You have been granted a license to enter upon the Project site for the sole purpose of performing

EXHIBIT A

Exhibit A

Mr. Gene Hussey

Site Preparation work. Except for payment due from MVA to KC as set forth in Paragraphs 3 and 4 below, KC hereby agrees to indemnify, defend and hold MVA and Draper and Kramer, Incorporated, harmless from any claims, obligations, damages or liabilities (including attorneys' fees and costs) related in any way to KC's presence on the Project site or performance of the Site Preparation work except to the extent such claims, obligations, damages or liabilities are due to the negligence or intentional misconduct of MVA or Draper and Kramer, Incorporated. KC represents and warrants that the Site Preparation work will be done in a first-class, professional manner, and will be covered by KC's insurance policies normally procured for projects similar to the Project.

2. You are hereby authorized and directed to proceed with the subcontract bidding of the Excavation (as defined below) and associated mobilization activities.
3. MVA acknowledges that KC has relied on this Letter of Intent and will incur costs with respect to administration and mobilization. MVA will
  - (a) reimburse KC for costs associated with Site Preparation work or any other such work only to the extent set forth in this Letter of Intent and
  - (b) pay to KC a contractor's fee of three percent (3%) of the total of the costs specified in (a) above and in Paragraph 4 below. If the Agreement is entered into and a Construction Change Order (as described in Section III below) issued, the aforescribed contractor's fee for the Site Preparation Work will be included within the amount specified for a contractor's fee in Section III below.
4. Any work performed by KC with its own forces will be reimbursed at the time and material rates set forth on the attached Exhibit B. Supervisory personnel will be reimbursed according to the rates set forth on the same attached Exhibit B.
5. The written consent of MVA is required prior to the letting of any subcontracts by KC with regards to the Project. The parties agree that KC will cause certain iron work and certain electrical work to be performed by subcontractors. Provided

Mr. Gene Hussey  
July 29, 1991  
Page 3

(a) that MVA has given its written consent as aforesaid, (b) each subcontractor executes an indemnity provision in favor of MVA and Draper and Kramer, Incorporated, similar to the second sentence in Paragraph 1 above, and (c) each subcontractor is required to deliver certificates of insurance as KC normally requires for projects similar to the Project (substantially similar to the copy of a certificate of insurance attached hereto as Exhibit C) naming MVA and Draper and Kramer, Incorporated, as additional named insureds, then subcontractors may be utilized for selected portions of the Site Preparation work.

6. This agreement regarding Site Preparation is expressly made subject to that certain Owner Participation Agreement by and between the Redevelopment Agency of the City of San Diego and MVA dated October 12, 1990, filed as Document No. 1776 in the Office of the Redevelopment Agency of San Diego, California, on December 5, 1990, of which the only relevant portion is (i) a statement regarding an equal opportunity program for qualified minority- and women-owned businesses, (ii) a stated goal of equal employment opportunity, and (iii) a statement of an obligation to refrain from discrimination.
7. MVA will make payments to KC as required above within thirty (30) days of an invoice being submitted from KC to MVA containing (a) a description of the work performed in detail to allow MVA or its consultants to ascertain the extent and amount of the work performed, (b) a conditional lien release signed by KC relating to the work for which payment is currently requested, and (c) except for the first request for payment for Site Preparation work, an unconditional lien release from approved subcontractors for which KC has received payment from MVA for a previous application. Such requests for payment may not be submitted more frequently than once per calendar month. The amount to be paid by MVA to KC pursuant to such a proper payment request will be consistent with the amount which would have been owed had the Agreement been an executed contract.

Mr. Gene Hussey  
July 29, 1991

## II. EXCAVATION.

In order to meet schedule requirements, the Agreement will be a "zero dollar amount" Guaranteed Maximum Price (GMP) Cost of the Work Plus a Fee Agreement for Construction to be executed as soon as possible. This Agreement must be executed prior to any excavation or work of improvement ("Excavation") being performed on the Project site. As used herein, the term Excavation does not include Site Preparation.

After execution, this zero dollar amount Agreement will then be amended by a Change Order in the amount of the Excavation and Site Preparation work, at the time you have a subcontract award for the Excavation. At this point, the Guaranteed Maximum Price ("GMP") will be the amount of such Change Order, and the scope of work covered by such GMP will be the Excavation and the Site Preparation work. The Excavation Change Order will consist of the sum of the following:

- a. The total Cost of the Work as is contemplated in the form of the Agreement described in Section IV Paragraph 1 below, including the total due from MVA to KC for Site Preparation Work pursuant to this Letter of Intent.
- b. General Conditions not to exceed a lump sum amount to be agreed upon by MVA and KC in the Excavation Change Order.
- c. Insurance not to exceed .55% of the total of a + b above.
- d. A fee not to exceed 3.0% of the total of a + b + c above (not including items excluded from the Cost of the Work as set forth in the Agreement) as may be amended by Change Orders.
- e. The Agreement and the Excavation Change Order will contain a provision expressly subordinating the amount to be earned and paid under the Agreement pursuant to the Excavation Change Order to the lien of any and all construction financing for the Project which MVA may have at the time of the Excavation Change Order or may at any time in the future obtain.

Mr. Gene Hussey  
July 29, 1991  
Page 5

### III. CONSTRUCTION.

No later than 45 days after MVA's delivery to KC of 95% complete Contract Documents, currently scheduled for July 31, 1991, KC shall prepare and submit to MVA a detailed estimate of the Total Cost of the Work ("Estimate") consistent with the provisions of the Agreement, not including the Excavation or Site Preparation work, and including an appropriate Contractor's Contingency and Contractor's Fee.

If approved by MVA (in its sole and absolute discretion), the Agreement shall be further amended by a Change Order in the amount of the Estimate. This Construction Change Order will consist of:

- a. The total Cost of the Work as is contemplated in the form of the Agreement described in Section IV Paragraph 1 below, but which Change Order amount will not include the amount or scope of the Excavation Change Order.
- b. General Conditions not to exceed a lump sum amount to be agreed upon by MVA and KC in the Construction Change Order.
- c. Insurance not to exceed .55% of the total of a + b above.
- d. A fee not to exceed a lump sum amount to be agreed upon by MVA and KC in Construction Change Order, which the parties currently believe will equal 3.0% of the total of a + b + c above (not including items excluded from the Cost of the Work as set forth in the Agreement) as may be amended by Change Orders.
- e. The Contractor Contingency.
- f. The Agreement and the Construction Change Order will contain a provision expressly subordinating the amount to be earned and paid under the Agreement pursuant to the Construction Change Order to the lien of any and all construction financing for the Project which MVA may have at the time of the Construction Change Order or may at any time in the future obtain.

Mr. Gene Hussey  
July 29, 1991  
Page 6

After this Construction Change Order, the GMP will be the sum of the amount of the Excavation Change Order plus the amount of the Construction Change Order.

If the Estimate is not acceptable to MVA in its sole and absolute discretion, or for the sole convenience of MVA, MVA may terminate the Agreement upon completion of the Site Preparation and Excavation work with no further obligation to KC.

#### IV. GENERAL

In fulfilling the intent of the parties described herein, the parties agree that:

1. The form of Agreement will be (a) Cost of the Work Plus a Fee, AIA Document No. 111, 1987 Edition and (b) General Conditions of the Contract for Construction (AIA Document A201, 1987 Edition), both documents subject to such modifications as KC or MVA may desire, each in their sole and absolute discretion.
2. The GMP will apply to all work performed up to a date twelve (12) months following substantial completion of the Project as the contractor's warranty period.
3. Any Contractor Contingency remaining at completion of construction will be shared 25% by KC and 75% by MVA.
4. All scope of work changes will be based upon the direct cost of the work required plus an agreed upon mark-up for General Conditions and a 3.0% contractor's fee. The mark-up for fee will only apply if the increases have reached a total of One Million Dollars. Similarly, if a scope change results in a direct cost credit which together with all previous scope changes have cumulatively reached a total of One Million Dollars, the 3.0% fee associated with same will also be credited.
5. The KC "Project team" will include Mr. Gene Hussey as Project Executive (Principal in Charge), Mr. Jack Filer as Senior Project Manager, Mr. Mark Wolford as Project Manager, and Mr. Les Chambers as Field Superintendent.

Mr. Gene Hussey  
July 29, 1991  
Page 7

As stated previously, this Letter of Intent expresses our mutual intent in proceeding on this project and, except as specifically stated in the section entitled "Site Preparation," is not a binding contractual commitment on the part of either MVA or KC. A mutually binding contract for performance of the work will only take the form of the Agreement described above and executed by both parties.

Please indicate your agreement with the terms and provisions set forth in this Letter of Intent by executing one copy of this letter in the space provided below and returning the same to this office.

Sincerely,

6. Reasonable indication that the work will not be completed on schedule or within the contract time;
7. Unsatisfactory prosecution of the work by the Subcontractor;
8. Failure to deliver "as built" drawings, written guarantees or warranties;
9. Failure to obtain the approvals required by any authority having jurisdiction;
10. Work performed at the site of construction by Subcontractor, its subcontractors or the employees of either of them prior to providing Contractor with the following which must be acceptable to Contractor (A) Certificate of Insurance; and (B) Subcontractor Bond, when required.

When the above grounds are removed by Subcontractor, payment shall be made for the amount withheld because of them. Contractor may require that Subcontractor furnish release in a form satisfactory to Contractor for all claims made under (c) 1 and 2 above, and/or supporting invoices, receipts or other records to substantiate the amounts owing or paid as Contractor may require.

No progress payment, nor any partial or entire use, or occupancy of the project by the Owner, shall constitute an acceptance of any work not in accordance with the Subcontract.

(d) The balance owing to the Subcontractor under the terms of this Agreement shall be due and payable thirty-five (35) days after completion and acceptance of the project, and the removal of all grounds for withholding, enumerated under 11(c) above, and satisfactory proof that all claims, including taxes, growing out of the work hereunder (and any taxes related thereto) have been released.

(e) Any and all funds payable to the Subcontractor hereunder are hereby declared to constitute trust funds in the hands of the Subcontractor, to be applied first to the payment of claims of his subcontractors, architects, engineers, surveyors, laborers and materialmen arising out of the described work, to claims for utilities furnished and taxes imposed; and to the payment of premiums on surety bonds and other bonds filed and premiums on insurance acting during the construction of the described work, before application to any other purpose.

12. RISING COSTS The Contractor agrees to pay the sum herein set forth in current funds for such work and materials, and in the manner and at the times herein set forth. Said sum is intended to include all increases in cost, turnover or underpayment, including, without limiting the generality of the foregoing, labor, materials, and transportation costs, all of which are to be borne solely by the Subcontractor. All loss or damage arising from any of the work performed under this Contract through underpayment or unusual construction difficulties or delays which may be encountered in the prosecution of the work, or through the action of the elements, shall be borne by the Sub-

contractor. It is mutually agreed between the parties hereto that no payment made under this Contract shall be construed as evidence of the performance of this Contract, either wholly or in part, nor shall it be construed as an acceptance of defective work or improper materials, or an approval of any of the items in any requisition made or bill rendered.

30. NO DELAY BY CONTRACTOR Notwithstanding the fact that a dispute, controversy or question shall have arisen in the interpretation or enforcement of this Agreement, the performance of any work, the delivery of any material, the payment of any money to Subcontractor, or otherwise, the Subcontractor agrees that it will not directly or indirectly stop or delay any work or part of work on its part required to be performed, or with or without the delivery of any materials on its part required to be furnished hereunder, pending the determination of such dispute or controversy, regardless whether such controversy, dispute or question is subject to arbitration or litigation.

## 11. SAFETY.

(a) The Subcontractor shall, at its own expense, protect its own employees, employees of Contractor and all other persons from any of death, injury or bodily harm arising out of or in any way connected with the work to be performed hereunder, and Subcontractor shall strictly comply with all safety orders, rules, regulations or requirements of all federal, state and local government agencies exercising safety jurisdiction over said work including, but not limited to, the federal and state OSHA REGULATIONS and shall comply fully with all of Contractor's safety requirements, policies and rules. Subcontractor shall indemnify and save Contractor harmless from any liability, loss, cost, damage or expense, including attorney's fees, which Contractor may suffer or incur as a result of any cause of action, including, citation or work stoppage arising out of or in any way connected with the alleged violation by Subcontractor of any such safety order, rule, regulation or requirement, whether such violation is ultimately proved or not.

(b) If Subcontractor or its personnel do not comply with all safety requirements applicable to the Project, Contractor may, but shall not be obligated to, give written notice of violation to Subcontractor. If Subcontractor has not caused its performance to come into compliance with such safety requirements within ten (10) calendar days, or in the event compliance cannot be completed within ten (10) calendar days, the immediate commencement and continued effect of such action as may be necessary to obtain compliance within a reasonable time from commencement of such written notice has been commenced to Subcontractor, without prejudice in any other remedy available to Contractor hereunder, payment on this Subcontract shall be withheld until such time as compliance has been obtained to the safety requirements which was the subject of the written notice of violation and satisfactory assurance, reasonable acceptable to Contractor, have been given by the Subcontractor to insure that the Subcontractor and its personnel engaged on the Project will comply with all safety requirements as stated herein.

32. REQUIREMENTS PRIOR TO COMMENCEMENT OF WORK Subcontractor shall not proceed with any work nor receive payment under this Subcontract until, among other things, the Contractor has received fully executed copy of this Subcontract Agreement together with appropriate insurance certificates and a Subcontractor Bond, if required.

33. ATTORNEY FEES If either party becomes involved in litigation or arbitration arising out of this Subcontract or the performance thereof, the Court or arbitration panel in such litigation or arbitration or in a separate suit, shall award attorney fees to the prevailing party, unless judgment goes by default. The attorney fee award shall not be computed in accordance with any court schedule, but shall be such as to fully reimburse all attorney fees actually incurred in good faith, regardless of the use of the judgment, it being the intention of the parties to fully compensate for all attorney fees paid or incurred in good faith.

34. NOTICES Any notices required or permitted under the Subcontract shall be in writing and shall be deemed duly and only if either hand delivered or given by certified mail, return receipt requested, addressed to the address contained in the Subcontract, but which address may be changed by written notice given by one party to the other from time to time. (b) All previous oral or written promises, agreements, and/or representations relating to the Subcontract are hereby superseded by the terms hereof which may be incorporated herein, it being expressly agreed and understood that the terms and provisions of this Subcontract, in which the Subcontract Documents have been incorporated, shall constitute the full and complete agreement between Contractor and Subcontractor.

(c) If any term or provision of this Subcontract shall be held to any extent to be invalid or unenforceable, the remaining terms and conditions of this Subcontract shall be valid and shall be enforceable to the fullest extent permitted by law.

(d) All contracts, agreements, indemnities, guarantees and assignments made by the Subcontractor shall survive completion of the work under the Subcontract, and any payment at the Contract Price shall be in part.

(e) No waiver by Contractor, whether expressed or implied, of any provision of this Subcontract shall be deemed to be a waiver of any other provision of this Subcontract or of any subsequent provision of this Subcontract of the same provision or any other provision.

# GENERAL CONDITIONS OF THE CONTRACT FOR CONSTRUCTION

## ARTICLE 1

### GENERAL PROVISIONS

#### 1.1 BASIC DEFINITIONS

##### 1.1.1 THE CONTRACT DOCUMENTS

The Contract Documents consist of the Agreement between Owner and Contractor (hereinafter the Agreement), Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, addenda issued prior to execution of the Contract, other documents listed in the Agreement and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include other documents such as bidding requirements (advertisement or invitation to bid, Instructions to Bidders, sample forms, the Contractor's bid or portions of addenda relating to bidding requirements).

##### 1.1.2 THE CONTRACT

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Architect and Contractor, (2) between the Owner and a Subcontractor or Sub-subcontractor or (3) between any persons or entities other than the Owner and Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

##### 1.1.3 THE WORK

The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

##### 1.1.4 THE PROJECT

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner or by separate contractors.

##### 1.1.5 THE DRAWINGS

The Drawings are the graphic and pictorial portions of the Contract Documents, wherever located and whenever issued, showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules and diagrams.

##### 1.1.6 THE SPECIFICATIONS

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equip-

ment, construction systems, standards and workmanship for the Work, and performance of related services.

##### 1.1.7 THE PROJECT MANUAL

The Project Manual is the volume usually assembled for the Work which may include the bidding requirements, sample forms, Conditions of the Contract and Specifications.

#### 1.2 EXECUTION, CORRELATION AND INTENT

1.2.1 The Contract Documents shall be signed by the Owner and Contractor as provided in the Agreement. If either the Owner or Contractor or both do not sign all the Contract Documents, the Architect shall identify such unsigned Documents upon request.

1.2.2 Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become familiar with local conditions under which the Work is to be performed and correlated personal observations with requirements of the Contract Documents.

1.2.3 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all. Performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the intended results.

1.2.4 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

1.2.5 Unless otherwise stated in the Contract Documents, words which have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

#### 1.3 OWNERSHIP AND USE OF ARCHITECT'S DRAWINGS, SPECIFICATIONS AND OTHER DOCUMENTS

1.3.1 The Drawings, Specifications and other documents prepared by the Architect are instruments of the Architect's service through which the Work to be executed by the Contractor is described. The Contractor may retain one contract record set. Neither the Contractor nor any Subcontractor, Sub-subcontractor or material or equipment supplier shall own or claim a copyright in the Drawings, Specifications and other documents prepared by the Architect, and unless otherwise indicated the Architect shall be deemed the author of them and will retain all common law, statutory and other reserved rights, in addition to the copyright. All copies of them, except the Contractor's record set, shall be returned or suitably accounted for to the Architect, on request, upon completion of the Work. The Drawings, Specifications and other documents prepared by the Architect, and copies thereof furnished to the Contractor, are for use solely with respect to this Project. They are not to be used by the Contractor or any Subcontractor, Sub-subcontractor or material or equipment supplier on other projects or for additions to this Project outside the scope of the

Work without the specific written consent of the Owner and Architect. The Contractor, Subcontractors, Sub-subcontractors and material or equipment suppliers are granted a limited license to use and reproduce applicable portions of the Drawings, Specifications and other documents prepared by the Architect appropriate to and for use in the execution of their Work under the Contract Documents. All copies made under this license shall bear the statutory copyright notice, if any, shown on the Drawings, Specifications and other documents prepared by the Architect. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with this Project is not to be construed as publication in derogation of the Architect's copyright or other reserved rights.

#### 1.4 CAPITALIZATION

1.4.1 Terms capitalized in these General Conditions include those which are (1) specifically defined, (2) the titles of numbered articles and identified references to Paragraphs, Subparagraphs and Clauses in the document or (3) the titles of other documents published by the American Institute of Architects.

#### 1.5 INTERPRETATION

1.5.1 In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

### ARTICLE 2

#### OWNER

##### 2.1 DEFINITION

2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The term "Owner" means the Owner or the Owner's authorized representative.

2.1.2 The Owner upon reasonable written request shall furnish to the Contractor in writing information which is necessary and relevant for the Contractor to evaluate, give notice of or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein at the time of execution of the Agreement and, within five days after any change, information of such change in title, recorded or unrecorded.

##### 2.2 INFORMATION AND SERVICES REQUIRED OF THE OWNER

2.2.1 The Owner shall, at the request of the Contractor, prior to execution of the Agreement and promptly from time to time thereafter, furnish to the Contractor reasonable evidence that financial arrangements have been made to fulfill the Owner's obligations under the Contract. *[Note: Unless such reasonable evidence were furnished on request prior to the execution of the Agreement, the prospective contractor would not be required to execute the Agreement or to commence the Work.]*

2.2.2 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site.

2.2.3 Except for permits and fees which are the responsibility of the Contractor under the Contract Documents, the Owner shall secure and pay for necessary approvals, easements, assess-

ments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

2.2.4 Information or services under the Owner's control shall be furnished by the Owner with reasonable promptness to avoid delay in orderly progress of the Work.

2.2.5 Unless otherwise provided in the Contract Documents, the Contractor will be furnished, free of charge, such copies of Drawings and Project Manuals as are reasonably necessary for execution of the Work.

2.2.6 The foregoing are in addition to other duties and responsibilities of the Owner enumerated herein and especially those in respect to Article 6 (Construction by Owner or by Separate Contractors), Article 9 (Payments and Completion) and Article 11 (Insurance and Bonds).

##### 2.3 OWNER'S RIGHT TO STOP THE WORK

2.3.1 If the Contractor fails to correct Work which is not in accordance with the requirements of the Contract Documents as required by Paragraph 12.2 or persistently fails to carry out Work in accordance with the Contract Documents, the Owner, by written order signed personally or by an agent specifically so empowered by the Owner in writing, may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Subparagraph 6.1.3.

##### 2.4 OWNER'S RIGHT TO CARRY OUT THE WORK

2.4.1 If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a seven-day period after receipt of written notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may after such seven-day period give the Contractor a second written notice to correct such deficiencies within a second seven-day period. If the Contractor within such second seven-day period after receipt of such second notice fails to commence and continue to correct any deficiencies, the Owner may, without prejudice to other remedies the Owner may have, correct such deficiencies. In such case an appropriate Change Order shall be issued deducting from payments then or thereafter due the Contractor the cost of correcting such deficiencies, including compensation for the Architect's additional services and expenses made necessary by such default, neglect or failure. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect. If payments then or thereafter due the Contractor are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner.

### ARTICLE 3

#### CONTRACTOR

##### 3.1 DEFINITION

3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The term "Contractor" means the Contractor or the Contractor's authorized representative.

### 3.2 REVIEW OF CONTRACT DOCUMENTS AND FIELD CONDITIONS BY CONTRACTOR

3.2.1 The Contractor shall carefully study and compare the Contract Documents with each other and with information furnished by the Owner pursuant to Subparagraph 2.2.2 and shall at once report to the Architect errors, inconsistencies or omissions discovered. The Contractor shall not be liable to the Owner or Architect for damage resulting from errors, inconsistencies or omissions in the Contract Documents unless the Contractor recognized such error, inconsistency or omission and knowingly failed to report it to the Architect. If the Contractor performs any construction activity knowing it involves a recognized error, inconsistency or omission in the Contract Documents without such notice to the Architect, the Contractor shall assume appropriate responsibility for such performance and shall bear an appropriate amount of the attributable costs for correction.

3.2.2 The Contractor shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions and other information known to the Contractor with the Contract Documents before commencing activities. Errors, inconsistencies or omissions discovered shall be reported to the Architect at once.

3.2.3 The Contractor shall perform the Work in accordance with the Contract Documents and submittals approved pursuant to Paragraph 3.12.

### 3.3 SUPERVISION AND CONSTRUCTION PROCEDURES

3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for and have control over construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Contract, unless Contract Documents give other specific instructions concerning these matters.

3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons performing portions of the Work under a contract with the Contractor.

3.3.3 The Contractor shall not be relieved of obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons other than the Contractor.

3.3.4 The Contractor shall be responsible for inspection of portions of Work already performed under this Contract to determine that such portions are in proper condition to receive subsequent Work.

### 3.4 LABOR AND MATERIALS

3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

3.4.2 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Contract. The Contractor shall not permit employment of unfit persons or persons not skilled in tasks assigned to them.

### 3.5 WARRANTY

3.5.1 The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless otherwise required or permitted by the Contract Documents, that the Work will be free from defects not inherent in the quality required or permitted, and that the Work will conform with the requirements of the Contract Documents. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear under normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

### 3.6 TAXES

3.6.1 The Contractor shall pay sales, consumer, use and similar taxes for the Work or portions thereof provided by the Contractor which are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

### 3.7 PERMITS, FEES AND NOTICES

3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure and pay for the building permit and other permits and governmental fees, licenses and inspections necessary for proper execution and completion of the Work which are customarily secured after execution of the Contract and which are legally required when bids are received or negotiations concluded.

3.7.2 The Contractor shall comply with and give notices required by laws, ordinances, rules, regulations and lawful orders of public authorities bearing on performance of the Work.

3.7.3 It is not the Contractor's responsibility to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, building codes, and rules and regulations. However, if the Contractor observes that portions of the Contract Documents are at variance therewith, the Contractor shall promptly notify the Architect and Owner in writing, and necessary changes shall be accomplished by appropriate Modification.

3.7.4 If the Contractor performs Work knowing it to be contrary to laws, statutes, ordinances, building codes, and rules and regulations without such notice to the Architect and Owner, the Contractor shall assume full responsibility for such Work and shall bear the attributable costs.

### 3.8 ALLOWANCES

3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities against which the Contractor makes reasonable objection.

3.8.2 Unless otherwise provided in the Contract Documents:

- 1 materials and equipment under an allowance shall be selected promptly by the Owner to avoid delay in the Work;
- 2 allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

- .3 Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum and not in the allowances;
- .4 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Clause 3.8.2.2 and (2) changes in Contractor's costs under Clause 3.8.2.3.

### 3.9 SUPERINTENDENT

3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. Important communications shall be confirmed in writing. Other communications shall be similarly confirmed on written request in each case.

### 3.10 CONTRACTOR'S CONSTRUCTION SCHEDULES

3.10.1 The Contractor, promptly after being awarded the Contract, shall prepare and submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall not exceed time limits current under the Contract Documents, shall be revised at appropriate intervals as required by the conditions of the Work and Project, shall be related to the entire Project to the extent required by the Contract Documents, and shall provide for expeditious and practicable execution of the Work.

3.10.2 The Contractor shall prepare and keep current, for the Architect's approval, a schedule of submittals which is coordinated with the Contractor's construction schedule and allows the Architect reasonable time to review submittals.

3.10.3 The Contractor shall conform to the most recent schedules.

### 3.11 DOCUMENTS AND SAMPLES AT THE SITE

3.11.1 The Contractor shall maintain at the site for the Owner one record copy of the Drawings, Specifications, addenda, Change Orders and other Modifications, in good order and marked currently to record changes and selections made during construction, and in addition approved Shop Drawings, Product Data, Samples and similar required submittals. These shall be available to the Architect and shall be delivered to the Architect for submittal to the Owner upon completion of the Work.

### 3.12 SHOP DRAWINGS, PRODUCT DATA AND SAMPLES

3.12.1 Shop Drawings are drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

3.12.3 Samples are physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

3.12.4 Shop Drawings, Product Data, Samples and similar submittals are not Contract Documents. The purpose of their submittal is to demonstrate for those portions of the Work for

which submittals are required the way the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents. Review by the Architect is subject to the limitations of Subparagraph 4.2.7.

3.12.5 The Contractor shall review, approve and submit to the Architect Shop Drawings, Product Data, Samples and similar submittals required by the Contract Documents with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of separate contractors. Submittals made by the Contractor which are not required by the Contract Documents may be returned without action.

3.12.6 The Contractor shall perform no portion of the Work requiring submittal and review of Shop Drawings, Product Data, Samples or similar submittals until the respective submittal has been approved by the Architect. Such Work shall be in accordance with approved submittals.

3.12.7 By approving and submitting Shop Drawings, Product Data, Samples and similar submittals, the Contractor represents that the Contractor has determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and has checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

3.12.8 The Contractor shall not be relieved of responsibility for deviations from requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples or similar submittals unless the Contractor has specifically informed the Architect in writing of such deviation at the time of submittal and the Architect has given written approval to the specific deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples or similar submittals by the Architect's approval thereof.

3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples or similar submittals, to revisions other than those requested by the Architect on previous submittals.

3.12.10 Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents.

3.12.11 When professional certification of performance criteria of materials, systems or equipment is required by the Contract Documents, the Architect shall be entitled to rely upon the accuracy and completeness of such calculations and certifications.

### 3.13 USE OF SITE

3.13.1 The Contractor shall confine operations at the site to areas permitted by law, ordinances, permits and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

### 3.14 CUTTING AND PATCHING

3.14.1 The Contractor shall be responsible for cutting, fitting or patching required to complete the Work or to make its parts fit together properly.

3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or separate contractors by cutting, patching or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter such construction by the

Owner or a separate contractor except with written consent of the Owner and of such separate contractor; such consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold from the Owner or a separate contractor the Contractor's consent to cutting or otherwise altering the Work.

### 3.15 CLEANING UP

3.15.1 The Contractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Contract. At completion of the Work the Contractor shall remove from and about the Project waste materials, rubbish, the Contractor's tools, construction equipment, machinery and surplus materials.

3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and the cost thereof shall be charged to the Contractor.

### 3.16 ACCESS TO WORK

3.16.1 The Contractor shall provide the Owner and Architect access to the Work in preparation and progress wherever located.

### 3.17 ROYALTIES AND PATENTS

3.17.1 The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by the Contract Documents. However, if the Contractor has reason to believe that the required design, process or product is an infringement of a patent, the Contractor shall be responsible for such loss unless such information is promptly furnished to the Architect.

### 3.18 INDEMNIFICATION

3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself) including loss of use resulting therefrom, but only to the extent caused in whole or in part by negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Paragraph 3.18.

3.18.2 In claims against any person or entity indemnified under this Paragraph 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Paragraph 3.18 shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Contractor or a Subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

3.18.3 The obligations of the Contractor under this Paragraph 3.18 shall not extend to the liability of the Architect, the Archi-

tect's consultants, and agents and employees of any of them arising out of (1) the preparation or approval of maps, drawings, opinions, reports, surveys, Change Orders, designs or specifications, or (2) the giving of or the failure to give directions or instructions by the Architect, the Architect's consultants, and agents and employees of any of them provided such giving or failure to give is the primary cause of the injury or damage.

#### 4.1 ARCHITECT

4.1.1 The Architect is the person lawfully licensed to practice architecture or an entity lawfully practicing architecture identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The term "Architect" means the Architect or the Architect's authorized representative.

4.1.2 Duties, responsibilities and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified or extended without written consent of the Owner, Contractor and Architect. Consent shall not be unreasonably withheld.

4.1.3 In case of termination of employment of the Architect, the Owner shall appoint an architect against whom the Contractor makes no reasonable objection and whose status under the Contract Documents shall be that of the former architect.

4.1.4 Disputes arising under Subparagraphs 4.1.2 and 4.1.3 shall be subject to arbitration.

#### 4.2 ARCHITECT'S ADMINISTRATION OF THE CONTRACT

4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents, and will be the Owner's representative (1) during construction, (2) until final payment is due and (3) with the Owner's concurrence, from time to time during the correction period described in Paragraph 12.2. The Architect will advise and consult with the Owner. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents, unless otherwise modified by written instrument in accordance with other provisions of the Contract.

4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction to become generally familiar with the progress and quality of the completed Work and to determine in general if the Work is being performed in a manner indicating that the Work, when completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check quality or quantity of the Work. On the basis of on-site observations as an architect, the Architect will keep the Owner informed of progress of the Work, and will endeavor to guard the Owner against defects and deficiencies in the Work.

4.2.3 The Architect will not have control over or charge of and will not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, since these are solely the Contractor's responsibility as provided in Paragraph 3.3. The Architect will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract Documents. The Architect will not have control over or charge of and will not be responsible for acts or omissions of the Con-

tractor, Subcontractors, or their agents or employees, or of any other persons performing portions of the Work.

**4.2.4 Communications Facilitating Contract Administration.** Except as otherwise provided in the Contract Documents or when direct communications have been specially authorized, the Owner and Contractor shall endeavor to communicate through the Architect. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and material suppliers shall be through the Contractor. Communications by and with separate contractors shall be through the Owner.

**4.2.5** Based on the Architect's observations and evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

**4.2.6** The Architect will have authority to reject Work which does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable for implementation of the intent of the Contract Documents, the Architect will have authority to require additional inspection or testing of the Work in accordance with Subparagraphs 13.5.2 and 13.5.3, whether or not such Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, material and equipment suppliers, their agents or employees, or other persons performing portions of the Work.

**4.2.7** The Architect will review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken with such reasonable promptness as to cause no delay in the Work or in the activities of the Owner, Contractor or separate contractors, while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Paragraphs 3.3, 3.5 and 3.12. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

**4.2.8** The Architect will prepare Change Orders and Construction Change Directives, and may authorize minor changes in the Work as provided in Paragraph 7.4.

**4.2.9** The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion, will receive and forward to the Owner for the Owner's review and records written warranties and related documents required by the Contract and assembled by the Contractor, and will issue a final Certificate for Payment upon compliance with the requirements of the Contract Documents.

**4.2.10** If the Owner and Architect agree, the Architect will provide one or more project representatives to assist in carrying

out the Architect's responsibilities at the site. The duties, responsibilities and limitations of authority of such project representatives shall be as set forth in an exhibit to be incorporated in the Contract Documents.

**4.2.11** The Architect will interpret and decide matters concerning performance under and requirements of the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made with reasonable promptness and within any time limits agreed upon. If no agreement is made concerning the time within which interpretations required of the Architect shall be furnished in compliance with this Paragraph 4.2, then delay shall not be recognized on account of failure by the Architect to furnish such interpretations until 15 days after written request is made for them.

**4.2.12** Interpretations and decisions of the Architect will be consistent with the intent of and reasonably inferable from the Contract Documents and will be in writing or in the form of drawings. When making such interpretations and decisions, the Architect will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either and will not be liable for results of interpretations or decisions so rendered in good faith.

**4.2.13** The Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

#### 4.3 CLAIMS AND DISPUTES

**4.3.1 Definition.** A Claim is a demand or assertion by one of the parties seeking, as a matter of right, adjustment or interpretation of Contract terms, payment of money, extension of time or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. Claims must be made by written notice. The responsibility to substantiate Claims shall rest with the party making the Claim.

**4.3.2 Decision of Architect.** Claims, including those alleging an error or omission by the Architect, shall be referred initially to the Architect for action as provided in Paragraph 4.4. A decision by the Architect, as provided in Subparagraph 4.4.4, shall be required as a condition precedent to arbitration or litigation of a Claim between the Contractor and Owner as to all such matters arising prior to the date final payment is due, regardless of (1) whether such matters relate to execution and progress of the Work or (2) the extent to which the Work has been completed. The decision by the Architect in response to a Claim shall not be a condition precedent to arbitration or litigation in the event (1) the position of Architect is vacant, (2) the Architect has not received evidence or has failed to render a decision within agreed time limits, (3) the Architect has failed to take action required under Subparagraph 4.4.4 within 30 days after the Claim is made, (4) 45 days have passed after the Claim has been referred to the Architect or (5) the Claim relates to a mechanic's lien.

**4.3.3 Time Limits on Claims.** Claims by either party must be made within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later. Claims must be made by written notice. An additional Claim made after the initial Claim has been implemented by Change Order will not be considered unless submitted in a timely manner.
